

# Why Sports?

Our athletic program is important because it provides an outlet for physical exercise with a tool to teach Christ-likeness in a valuable learning environment. It also fosters a wholesome atmosphere for fun, fellowship, encouragement, and school spirit.

Great care must be exercised to protect this environment from our selfish ambitions and the worldly attitudes prevalent in our culture today. Sporting events must be tempered with Spirit-produced self-control, both for the athlete and the spectator. Biblical principles must guide our actions and attitudes.

## Mission Statement:

*"To glorify God by developing your game through the use of drills and techniques"*

## Non-Discriminatory Policy

FBS admits students of any denomination, race, color, national or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school. This also applies to our admission policies, educational policies, and other school administered programs.

\*FBS is not able to accept students who are emotionally handicapped or those who have serious learning disabilities.
